ECHOES FROM THE ELECTION TUESDAY

Hearst Carries New York City By Large Majority.

HUGHES SAYS HE IS NOT ELATED

Result of Election in 42 States Leaves Congress in Republican Control with a Total of Twenty-One Gained for the Democrats.

New York, Nov. 7.—Charles E. Hughes was elected Governor of the state of New York by a plurality of 52,000, according to figures available.

William R. Hearst, his opponent, had a clear plurality in every borough of Greater New York, but Hughes' vote up-state overcame this and left the Republican candidate with the margin of votes already given.

Hearst's total plurality in Greater New York, with 69 districts missing, as indicated by unofficial returns to-

CHARLES E. HUGHES.

day, was 75,029. Mr. Hearst also polled 641 plurality in two up-state counties.

Hughes' plurality up-state, according to the unofficial returns, with 196 districts missing, was 129,686, leaving a total plurality for the Republican candidate of 54,016. The missing districts may vary this general result by a few thousands votes, either way.

Dispatches to the Associated Press up to 7:45 a. m. show that the Republicans have elected 211 members of the sixtieth congress and the Democrats 155, with 20 districts missing.

Chicago, Nov. 8.—Dispatches to the Associated Press up to 8:33 a. m. Wednesday show that the Republicans have lected 214 members of the sixtieth congress and the Democrats 157, with 13 districts missing.

Helena, Mont., Nov. 8.—Returns from the northern and eastern parts of the state are still coming in, while from southern Montana there have been no reports beyond a few scattering precincts. The Democrats concede the election of Pray, Republican plurality.

Indianapolis, Nov. 8.—The latest returns from Indiana indicate a majority of from 20,000 to 25,000 for the Republican state ticket with indications pointing to Republicans on a joint ballot, although it may take the official returns to indicate the complexion of the next house of representatives.

St. Louis, Nov. 8.—A complete Republican victory for the city ticket and with both sides claiming the state ticket, a probable Democratic success in that territory, is the result of the election, with three congressional districts in doubt. The Democrats have elected congressmen in eleven and the Republicans in three, a democratic gain of four in these districts.

Seattle, Wash., Nov. 8.—The incomplete returns from 74 out of 96 precincts in Seattle give the following results on congressmen: Humphrey, Republican, 2,653; Jones, Republican, 2,457; Cushman, Republican, 2,888; Blackman, Democrat, 855; Byrne, Democrat, 797; Eshelman, Democrat, 770; Wagenknecht, Socialist, 138; Berkeley, Socialist, 129; Herman, Socialist, 136; Caton, Prohibition, 56; Wilkin, Prohibition, 59; Everett, Prohibition, 45.

Louisville, Ky., Nov. 8.—The race in the Democratic primary for United States senator between Senator McCrary and Governor Beckham is so close that a recount may be necessary. Incomplete returns this morning (Wednesday) show that Governor Beckham is slightly in the lead.

Nashville, Tenn., Nov. 7.—Incomplete returns indicate the election of Patterson, Democrat, for governor by 18,000 over Evans, Republican. The vote was very light, but this falling off did not work to the advantage of the Republicans as was believed by many prognosticators. The legislature will be largely Democratic and the congressional delegation will stand two Republican and eight Democrats as at present.

Kansas City, Nov. 7.—The Missouri Democratic state ticket was elected by a majority that may reach more than 20,000, and most of the congressional seats were regained. The state senate is also conceded by the Republican state central committee to be safely Democratic. The lower branch of the legislature is still in doubt.

St. Paul, Minn., Nov. 8.—The Pioneer Press (Republican) admits the defeat of Congressman James T. McLeary, chairman of the committee on ways and means in the present congress by his Democratic opponent, W. S. Hammond.

Province, R. I., Nov. 8.—Mayor James H. Higgins, of Pawtucket, Democrat, defeated Governor George H. Utter, Republican, for re-election, by a plurality of 1,283, according to complete returns compiled by the Providence Journal. The rest of the Republican state ticket was elected. Republicans control the general assembly which is to choose a United States senator to succeed Mr. George P. Wetmore.

Dallas, Tex., Nov. 8.—Early returns indicate that the Democratic state ticket was elected by about 200,000 majority. The combined opposition polled probably 140,000 votes. The Democrats elected all of their congressional candidates.

Little Rock, Ark., Nov. 8.—Wednesday's returns confirm Tuesday night's dispatches that a light vote was polled in Arkansas.

All Democratic congressmen were returned. In the fourth district, where Secretary Shaw and Vice President Fairbanks made speeches in the interest of George Tilles, the Republican candidate, W. B. Cravens, the Democratic candidate, was elected by a reduced majority.

Jackson, Miss., Nov. 8.—There was little interest manifested by the voters in the congressional election. Advices indicate that the lightest vote in 15 years was cast. All the Democrats were elected.

Columbus, O., Nov. 8.—In a telegram to President Roosevelt at 1 a. m. Wednesday, Senator Charles Dick chairman of the Republican state committee, claimed the election of all the Republican candidates on the state ticket by 75,000 and the election of 17 Republican congressmen.

Charleston, W. Va., Nov. 8.—Returns from the state are incomplete but sufficient returns have been received to show that the election of all five of the Republican congressmen and a Republican legislature by a good majority on joint ballot is the result. The legislature elects a successor to Senator Stephen B. Elkins.

Chicago, Nov. 8.—Illinois went Republican by over 100,000, the vote for Smulski, state treasurer, footing about 120,000, with a few districts estimated. Chicago gave the state ticket a plurality of over 50,000. The Republicans lost two congressmen apparently in Chicago, and two more down-state, making a gain of four for the Democrats and giving them five instead of one in the Illinois congressional delegation.

Concord, N. H., Nov. 8.—Slow election returns showed no material change in results. Floyd, Republican, led Jameson, Democrat, for governor by an estimated plurality of 2,220. A majority vote is required and the election will probably be thrown into the legislature, which, it is believed, will be Republican. Congressmen Currier and Sulloway, both Republicans, were easily returned.

NEGRO TROOPS ARE DISGRACED BY TEDDY

Battallion Dismissed By President Roosevelt.

CRIME COMMITTED BY NEGROES

Caused Investigation, Which Resulted in Roosevelt's Order of Dismissal White Officer Also Reproved by the President.

Washington, D. C., Nov. 8.—Unprecedented in the history of the army of the United States is the action of the president, just announced, in dismissing in disgrace from the army an entire battalion of negro troops because of their failure to disclose the identity of some of their number who had been guilty of violence and murder.

As an evidence, however, of his intention to be fair to the negro troopers, the president has accompanied this action by an order which may amount to the courtmartial of a white army officer of high grade, who was charged with having cast slurs upon the negro troops.

Washington, Nov. 8.—President Rosevelt's appeal for a Republican congress, was not in vain. With the count still going on the result so far shows the election of 212 Republican congressmen; 155 Democrats with 20 districts to be heard from. There are 388 seats to be filled in the house and should the Democrats get the remaining 20 they would still not have the control. The most sanguine prediction put out by Chairman Sherman previous to the election was that the Republicans would retain control of the house by fifty. As the returns stand now, the Democrats have gained 21 districts held in the present congress by Republicans.

Atlanta, Nov. 8.—Charles G. Edwards, of Savannah, Democrat, defeated D. B. Rigdon, Republican, for congressman from the first district in the election Tuesday, by approximately 5,000 majority. Little interest was taken in the contest and an exceedingly light vote was polled, inasmuch as Edwards' election was assured. The first was the only district in Georgia in which there was a contest. In the other, ten Democratic candidates were elected without opposition. The Democratic candidates for court of appeals judges were unanimously elected, as none of them had opposition. The judges are Benjamin H. Hill, of Atlanta; Arthur Gray Powell, of Blakely, and Richard B. Russell, of Winder.

Trenton, N. J., Nov. 8.—Revised returns show that the Democrats will have the house of the assembly and that the legislature will have a Republican majority on joint ballot of seven. The Democrats have gained three congressmen in New Jersey.

Death Sealed His Lips.

Sandusky, O., Nov. 8.—Michael Magiary, who was stabbed 43 times in a fight with fellow foreigners who are employes of the Lake Shore railroad, died at Providence hospital, just as Coroner McClelland arrived to take his ante- mortem statement.

$400,000 Fire Loss.

Kansas City, Nov. 8.—The four-story brick building occupied by the Harvest King Distilling company, has been destroyed by fire. Loss $400,000.

With a Ball Bat.

Bedford, Ind., Nov. 8.—Ezra Kinser killed Edward Deckard with a baseball bat in a fight in a sarot and escaped.

LINDALE WOMAN MURDERED.

Husband and Nurse Girl Suspected of the Crime.

Rome, Ga., Nov. 8.—Mrs. Ernest Gibson was found murdered in her coal shed at Lindale Tuesday afternoon, her husband and Miss Matilda Brewer employed by the Gibson's as a nurse girl and housekeeper, are suspected of the crime and are held in custody pending the result of the coroner's investigation.

Mrs. Gibson returned home to her baby at noon and Miss Brewer reported finding her body an hour later. Mrs. Hayes, a neighbor informed coroner's jury she saw Gibson run from the coal shed and throw away a club just a few minutes before Miss Brewer reported finding the body.

The condition of the body indicated that the woman had been beaten to death with a club. Miss Brewer came here from Lexington, Ky., a few weeks ago. Gibson came from some place a month ago and secured employment in the Massachusetts mill and his wife and baby joined him about three weeks ago.

Gibson is known to have been very attentive to Miss Brewer.

Dynamite Placed in Stove.

Wheeling, W. Va., Nov. 8.—An attempt was made to wreck the tipple of the Elm Grove coal works, 6 miles east of here. A stick of dynamite was placed in the stove in the scale house, directly under the tipple. Shortly after the fire was kindled in the stove there was a terrific explosion. The scale house was blown to pieces and the underpinning of the tipple wrecked. The man who kindled the first fortunately had left before the heat reached the dynamite. The company is the only one in this sub-district whech his not signed the compromise scale settling the recent coal strike.

Found Drifting on Lake.

Chicago, Nov. 8.—After drifting about Lake Michigan since Saturday afternoon in a gasoline launch without gasoline, Louis Wright and William Thornton, of Michigan City, were Tuesday picked up by the steamer Glenn and brought to this city. The men sair their gasoline became ehausted when they were 20 miles out from Michigan City, and since that time they had been floating about waiting for a steamer to pick them up.

Firemen Rescue Twenty Girls.

Columbus, O., Nov. 8.—Twenty terrified girl employes of Andrew Dobb, the dry goods merchant, were rescued from the third floor of his store by firemen, by means of the fire ladders. Fire broke out in the third story and a number of girls were only prevented from jumping by the cries of the crowd. A few were slightly injured. The fire loss will reach $20,000.

Train Raided By Robbers.

Gallup, N. M., Nov. 8.—While westbound Santa Fe passenger train No. 1 was standing on the tracks here three, men, armed with revolvers, entered the coaches and forced the passengers to hold up their hands. They secured several hundred dollars in money and several grips and overcoats from the passengers and made their escape. The crew of the train were in the dining room.

Five Negroes Drowned.

Savannah, Ga., Nov. 8.—A boat loaded with negroes was overturned on the north side of the river between Lincoln and Abercorn streets, by the wash from the propeller of the towboat Grantham I. Taggart. Five of the negroes, it is thought were drowned.

Boy Found a Pistol.

Midway, Pa., Nov. 8.—Hazel Nice, 4 years old, was accidentally shot and killed by her nephew, Wallace Chamboarn, 5 years old. The children were playing in a room alone and the boy found a revolver, which he discharged.

Caught a Lemur.

Springfield, O., Nov. 8.—John Wolf, of Catawba, set a steel trap and caught a maki, a species of lemur which inhabits the West Indies. It is thought that it escaped from some menagerie.

HOME COOKING FOR FAIR.

Mrs. Palmer Very Anxious for Good Display From Alachua County.

Mrs. W. H. Palmer, manager of the woman's work exhibit to the State Fair for Alachua county, reports very encouraging progress, and indications are that Alachua will equal if not surpass many of the progressive counties of the State in this department. A great many articles have been sent in by the ladies, and the display promises to be both handsome and diversified.

Mrs. Palmer requests The Sun to call especial attention of the ladies to the home cooking department. She is very anxious to show a nice display in this line, and requests those who will have anything to send same to J. K. Abrams at the Gainesville Furniture Company's store not later than Tuesday noon, and earlier if possible, so that same may be properly listed, etc. Write your name plainly on each article.

Ladies residing outside the city may send articles by express, addressed as follows: "Mrs. W. H. Palmer, care Woman's Work department, Alachua county exhibit, Florida State Fair Tampa, Fla.," being careful to write their own nameand address upon the articles.

Quite a diversity comes under the head of home cooking, among which are cakes of various kinds, singly and in groups, home-made light bread, corn bread, rolls, Parker House rolls, biscuits (not less than one dozen), buns, Graham bread, pies, candy, lard, home-made grape or blackberry wine, for all of which cash prizes are offered.

For the information of those interested, it may be well to mention that the Southern Express Company has kindly consented to transport all articles for this department without charge.

NEW TURPENTINE FARM.

Stringfellow & Oliver Will Establish Place Near Gainesville.

J. A. Roberts of Fairbanks was a visitor to Gainesville on Thursday.

Mr. Roberts, who is an experienced naval stores operator, has been employed by the Chase interests at Fairbanks until recently, when he resigned to accept a position as manager for a new place which J. D. Stringfellow and A. B. Oliver will establish about three miles to the eastward of this city. The firm has secured a large body of fine timber, and already a force of hands are at work cutting boxes. The new place will have the first season twelve "crops," or 120,000 boxes, which means that it will be one of the most extensive in this section.

Manager Roberts states that the new enterprise will be opened by Saturday. A large force of hands will be employed.

COTTOLENE HIGHLY HONORED.

State Chemist of Georgia Praises this Product as Highest Standard of Merit in Pure Food Materials.

Now that people everywhere are wisely demanding pure foods and pure food laws that protect, Cottolene is constantly being pointed out by the leading food and diet experts as the best example of what purity and wholesomeness in a product really should be.

J. H. McCandless, State Chemist of Georgia, before a recent gathering of Cotton Seed Oil men, gave emphatic praise to the high quality of Cottolene, saying that "The sale of of this product and the proclamation that it is made of Cotton Seed Oil, have done more to bring Cotton Seed Oil truthfully and favorably before the public than anything else in recent history."

Mr. McCandless then pointed out how a pure refined vegetable oil basis, such as in Cottolene, is the only assurance of a clean and digestible cooking product.

It seems a positive wonder in the light of all that has lately been said and written, and of what is known of lard, where it comes from, and what it may be, that anyone will continue its use, when pure, sweet and healthful Cottolene can be so easily obtained.

Cottolene is never sold in bulk, but is put up in carefully sealed pails, with patent air-tight tops.

Only two-thirds as much Cottolene as of lard or cooking butter is required for better results.

Cottolene was granted a Grand Prize (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition.

America is a nation of dyspeptics

The use of lard in cooking is the main cause. For your own protection you should divorce yourself from all food cooked with lard. Instead, use *Cottolene*, the purest and most palatable shortening possible to produce.

Cottolene is made from refined vegetable oil and choice beef suet, is full of richness, yet free from dyspepsia.

It will give you better food, and food which will agree with you.

Cottolene is never sold in bulk. It comes in sealed white pails, with red label and band. In the center of the label is our trade mark—a steer's head in cotton plant wreath. *Cottolene* is not exposed to all the odors which surround it; lard is, because it usually comes in bulk.

The quality of *Cottolene* is guaranteed. We stand behind it. You take no chances in its use.

Forstall dyspepsia by the use of *Cottolene*. Any good grocer will supply you.

A thorough trial of *Cottolene* will make you wonder why you stuck to hog lard so long.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

Nature's Gift from the Sunny South

"Dead" Leaves Not Dead.

Leaves do not fall from the tree because they are "dead," which we may take as equivalent to saying because they are no longer receiving the constituents of their being from the sap and from the air, but as a consequence of a process of growth which develops just at the junction of the leaf stem with the more permanent portion of the tree, certain corklike cells which have very little adhesion, so that the leaf is very liable to be broken away by influences of wind and changes of temperature and of moisture.

ALACHUA COUNTY AT STATE FAIR

Will Show In Interesting Way What She Has to Offer.

DIVERSITY OF PRODUCTS

Fair Commissioner Callison and His Force Have Been Energetically Working—Ten Carloads of Exhibits to be Sent From This County.

If Alachua county does not walk away from the State Fair at Tampa with the grand championship prize, it will not be the fault of Fair Commissioner F. A. Callison and his assistants, all of whom have been working like the proverbial beaver for the past few days. Whenever Manager Callison undertakes a thing he does it, and no better demonstration was ever offered than the excellent and successful manner in which he carried out the plans mapped out when he undertook the enormous task at the beginning. Through his direction a vast quantity and great diversity of every resource of the county has been gotten together, which will require about ten cars to transport. A force of men are engaged daily loading the cars, the first of which was shipped from this point Wednesday, and another will go forward today. There will be about four solid carloads from Gainesville proper, the remaining six from various sections of the county, including two from Waldo and two from Alachua.

Alachua County's Space.

Alachua county's space in the main building will be the same as last year, about half way down the building, on the right as one enters the main doorway. The space will be ample to accommodate the exhibits which are intended for that department. The woman's work department, which will be under charge of Mrs. W. H. Palmer, will of course occupy a space in the building provided for the purpose, and the educational exhibit from this county will be taken care of in the building assigned to that branch of exhibits.

Woman's Work Department.

Mrs. Palmer reports fine progress in the woman's work department, and the collection of fancy work, preserves, home cooking, etc., promises to attract attention of thousands of visitors to the great State show.

The Educational Exhibit.

Superintendent of Schools Dr. J. L. Kelley, who left for Tampa Thursday in order to complete arrangements for making the county educational display, feels very much encouraged. Notwithstanding the fact that he has had very little time in which to prepare, he states that the various schools throughout the county responded generously and promptly to his request for assistance, and have furnished many interesting specimens, etc., to be used in that department.

Diversity of Exhibits.

Alachua county is going to surprise a great many people upon her diversity of exhibits. The agricultural exhibit will be as fine and as varied as may to be found at the Fair, while the citrus and horticultural display will be one which cannot help but be admired. Some of the handsomest citrus fruits ever grown in Florida is plucked from the groves of Alachua county.

One of Alachua's principal displays will be of Sea Island cotton, and several bales of the staple will be tastefully arranged in the exhibit. Alachua county being the center of the leading Sea Island cotton belt of the world, will naturally send some excellent samples. The method of ginning, the evolution of forty years, will be annually demonstrated, and this feature of the exhibit alone will attract large crowds.

The Stock Exhibit.

The exhibit of live stock will be another important feature. With such a magnificent farm as the Spring Park Stock Farm and many others to select from, the numerous owners of fine horses, there is little doubt but that the bulk of the premiums in this direction will go to Alachua. The Spring Park farm, which carried away many premiums last year, will be there larger and better than ever, if such a thing is possible.

The display of manufactured goods will also be an impressive one, and a display of which any county would be proud.

In all, Alachua county proposes to do herself honor at the coming Fair, which will demonstrate to the world her advantages.

Horrible Flowers.

"Look out," said the farmer, compressing his nostrils with forefinger and thumb. "There's skunk cabbage growing there."

They hastened past the skunk cabbage patch, and finally, when it was possible to breathe freely, the farmer said:

"Skunk cabbages are not the only foul smelling plants. Stapelias smell so much like carrion that bluebottle flies often lay their eggs on them, mistaking the thick, fleshy flowers for dead birds or decomposed kittens.

"The rafflesia of Sumatra smells so strong that it is always enveloped in a buzzing cloud of flies. It is a giant flower, a yard in diameter, and its odor makes you think of glue factories, garbage converting plants and fertilizer works.

"The Cactus grandiflora and the Pedaria foetida are tropical flowers of so terrible a smell that the former kills all other growths within ten yards of it, and the latter, with one whiff, gives a human being a headache."

Luck Versus Labor.

Luck is ever waiting for something to turn up; labor, with keen eyes and strong will, will turn up something. Luck lies in bed and wishes the postman would bring him the news of a legacy; labor turns out at 6 o'clock and with busy pen or ringing hammer lays the foundation of a competence. Luck whines; labor whistles. Luck relies on chance; labor, on character.—Cobden.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

An Exception.

"Well, well!" exclaimed Knox. "And yet some people insist that heredity figures largely in the development of a character."—Philadelphia Ledger.

DEAD WATER.

Effect of This Queer Marine Phenomenon Upon a Ship's Speed.

One of the most curious marine phenomena known to seamen is that called by Norwegian sailors "dead water," which, without any visible cause, makes a vessel lose her speed and refuse to answer her helm. The sailor's only definite knowledge of its origin is that it exists solely where there is a surface layer of fresh water resting upon the salt waters of the sea. Several explanations have been advanced by the captains of ships of the effect of dead water, the commonest of which is that the two water layers move in different directions. The true explanation, however, recently offered by Swedish navigators and verified by mathematical calculation and direct experiment, is that in addition to the "resistance waves" at the surface the vessel creates a second line of subaqueous waves between the two strata of water.

The experiment carried out to demonstrate the truth of this theory was an exceedingly pretty one. A large plate glass tank was first mounted on a wooden frame. The tank was then filled to a certain depth with salt water, and a layer of fresh water was carefully poured on to the surface, so that two separate water layers were obtained.

The salt water was blackened with liquid Chinese ink before the water layers were prepared, and in this way the different layers were made clearly visible. A boat model was then towed along the tank and a silhouette of the waves produced was obtained by placing a white screen at a short distance behind the tank. The waves were also photographed by flashlight, and the results showed conclusively that waves actually were set up at the boundary line between the two liquids.

Further experiments were made to verify the sudden loss of speed due to dead water. The boat model was drawn across the tank and the towing string suddenly slackened when the boat was about halfway across. In cases where the tank contained salt water only the boat stopped gradually, moving some boat lengths after the towing string had been slackened. When the tank contained a layer of fresh water resting on salt water, on the other hand, the boat slackened speed quite suddenly and moved only a very short distance.

These experiments, carried out on a small scale, prove conclusively that the difficulties encountered within a dead water zone are really due to the resistance experienced by the vessel in generating invisible waves at the fresh water salt water boundary, although in some particular cases the influence of undercurrents must also doubtless be taken into account.—New York Herald.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Striking Clocks.

The salesman in the jewelry store was talking of the merits of various wall clocks to a patron and finally pointed out one as a great bargain. "Not for me," interrupted the customer; "that clock strikes, and I wouldn't have it as a gift." "You're different from the usual run of purchasers; they prefer striking clocks," commented the salesman. "Yes, but they don't keep billiard rooms," explained the customer. "I want the clock for my establishment, and a striking clock would lose me money. Pool and billiards are fascinating games and players get so absorbed they forget all about time, which they wouldn't do if there was a clock striking regularly. A clock striking every hour in my place would make a big hole in the receipts, and I guess a clock that struck half hours would put me out of business. No, sir; you don't find a wise pool room keeper hanging a striking clock in his place."

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. Only London Humor Genuine.

All the best humor that exists in our language is cockney humor. Chaucer was a cockney. He had his house close to the abbey. Dickens was a cockney; he said he could not think without the London streets. The London taverns heard always the quaintest conversation, whether it was Ben Jonson's at the Mermaid or Sam Johnson's at the Cock. Even in our time it may be noted that the most vital and genuine humor is still written about London.—Illustrated London News.

WANT WATSON FOR THE HEAD

Troup County Association Wants a Change in Leadership.

LaGrange, Ga., Nov. 8.—Troup county, which organized the Southern Cotton association, has declared for a change in leadership. A big meeting of members of that organization, merchants and business men of LaGrange and prominent farmers of the county of Troup, was held last night to discuss the future of the cotton association.

All declared that one step alone could save the order, and preserve its usefulness and that was the selection as its next president of Hon. Thomas E. Watson. The difficulties of the association were gone over. First the exposures of speculation on the part of officers of the association and the way in which the offenses were condoned. It was admitted that this had discredited the organization in the sight of many, and had crippled the usefulness of the association.

Then the recent dissensions caused by the controversy between the president of the cotton association and the president of the Farmers' union. All present felt that this matter was calculated to injure both organizations.

It was the consensus of belief that Tom Watson is the man to head the association. His strength, his integrity, his unquestioned honesty and his profound interest in the farmers especially fit him for the place.

Resolutions were passed endorsing Mr. Watson for the position of next president of the Southern Cotton association. If he can be persuaded to accept the place this movement starting in LaGrange is likely to grow and spread to all parts of the south.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Wages Are Increased.

Philadelphia, Nov. 8.—The board of directors of the Pennsylvania Railroad company at a meeting ordered an advance of 10 per cent in the wages of all employes receiving less than $200 a month. The increase goes into effect on Dec. 1. The directors gave the cost of living and the present prosperity of the country as a reason for the advance.

Received Severe Blow.

Philadelphia, Nov. 8.—The reform movement in Philadelphia and all throughout Pennsylvania inaugurated last year as a result of the Philadelphia gas lease fight, received a severe blow in the election. The fusion party, opposed to the regular republicans, was either badly defeated or had its last year's vote greatly reduced.

THREE FACTS

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Chief Still In Charge.

Memphis, Nov. 8.—Despite the fact that he was suspended from duty Tuesday, Chief of Police George T. O'Haver, is still in charge at the central police station and it is understood that the entire force of patrolmen and detectives are receiving their orders from him. Tuesday Mayor Malone, after suspending O'Haver, on a charge of insubordination, appointed W. J. Hayes to act as chief. Hayes, however, has not assumed the office, and it is believed the matter will be amicably arranged between the contending factions.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.,' Sold by W. M. Johnson.

Killed Man Who Spent Her Money.

New York, Nov. 8.—Miss Florida Illario, who has been on trial in the Somerset county court at Somerville, N. J., charged with the murder of Alexander Diapolo, was found guilty of manslaughter by the jury. She was convicted of having shot and killed Diopolo. It was brought out in the trial that Diapolo had squandered all her money.

Had a Close Call.

"A dangerous surgical operation involving the removal of a maliguant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Sneed of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

No Cyclone at Havana.

Havana, Nov. 8.—Although a heavy rain fell here Sunday night, there is no indication of the approach of the cyclone which the local observer announces is approaching.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at all druggists'.

Human Foot Found In Sewer.

Birmingham, Ala., Nov. 8.—Workmen found a human foot encased in a neat new shoe in the county sewer near Brighton. Ten days ago the trunk of a human body was discovered at the septic plant at the end of the sewer south of Bessemer, and two days later fragments of arms were discovered. Near where the foot was found today the covering of a manhole in the sewer was discovered to be loose, as if it had recently been removed.

Alabama Missionary.

Montgomery, Ala., Nov. 8.—Miss Hardenia Norville, for 15 years a missionary of the Southern Methodist church in Mexico, is in the city, enroute to New York to take a special course in Bible study and church work. She went to Mexico from Livingston, Ala., where she has relatives. Miss Norville is seeking help as she goes along for the seminary of the church at Laredo, destroyed some time ago by a storm.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

Jacksonville Carnival, Nov. 5th to 10th.

On account of the above occasion the Atlantic Coast Line will sell tickets from all points in Florida to Jacksonville and return at rate of one first-class fare plus 25 cents for the round trip. These tickets will be on sale Nov. 5th to 9th inclusive and for trains scheduled to arrive in Jacksonville before noon of Nov. 10th. Final limit of these tickets good leaving Jacksonville not later than mid-night, Nov. 11th.

The Carnival at Jacksonville this year will be complete in every feature and everyone who can possibly do so should take advantage of this opportunity to visit Jacksonville, the Metropolis of the State.

Full information, Pullman reservations, etc., can be had from the Atlantic Coast Line agents.

PISTOL PERMITS.

The pistol carriers of this county have an idea that securing a license or permit from the board of county commissioners authorizes and permits them to stick a pistol in their pocket and carry it concealed, or partly concealed. Not so. The law authorizing permits was never intended so; it does not take the place of the law prohibiting the carrying of concealed weapons. The permit simply authorizes the individual to carry, openly, on or about his person a pistol.

The privilege given by these permits has been and is being abused daily. If the courts will place a few fines on some of these fellows who think it the thing to go around with the handle of an old pistol sticking out of his hip pocket, it will bring them to their senses, and make them stop carrying them, or use a belt and scabbard, as contemplated by the law.—Arcadia News.

The aggregate wages paid to the employes of manufacturing industries in the United States during the year 1905 was, in round numbers, $2,661,000,000. As the wage earners numbered 5 492.000, the average per capita was $532. In the year 1900, $2,005,000,000 were paid to 4,701 000, an average of about $500. The increase in the average number of employes was 16.81 per cent, and in the aggregate wages paid, $32.71. During the five years, according to the census bureau, the increase in the number of factories was 342 per cent, in the capital employed 45 73 per cent, and in the value of products manufactured 30 38 per cent. Stated in dollars the increase in capital was $4,121,000,000, in wages $660,000,000, and in value of products $3,500,000. The increase was greater in the South than in any other section.

The vote on the drainage amendment in Tampa and Hillsboro county does not indicate that Governor Broward accomplished very much by "butting in" on the drainage debate in Tampa last week. The Governor has improved very much during the past two years as a public speaker, but his hair will be as white as snow before he will ever be a match for the peerless Congressman from this district—Frank Clark.

An Indiana man is experimenting with what he is pleased to term atmospheric irrigation. He simply places tile in his land, not to lead off the water, but to supply the soil with air and thereby increase his crops. He claims it works well, for on a hitherto poor, clay farm he is able to produce large crops of corn.

Some of the newspapers that favored the drainage scheme are still running that old chestnut of an advertisement entitled "The Trustees' Plan" and "The Corporation Plan." They would do well to change the title to "The People's Plan," for it seems that they have had a word to say about the matter.

New York has a young woman who is worrying railroad bosses for a job as locomotive engineer, but she will probably compromise on the job of running a man.

There are a number of U. S. Senators who would not dare to stand up and throw stones at former Senator Burton.

Returns thus far received from the election in Florida last Tuesday show that where Governor Broward received his largest vote two years ago, the opposition to his pet scheme of draining the Everglades was most manifest. Wonder if he will charge the corporations with having "bought" his former friends?

There is not the least doubt that Col. Bryan has lost greatly in the public esteem of the people, especially in the South, by his advocacy of government ownership of the railroads. It is claimed that his advocacy thereof was the cause of several Democrats being defeated for Congress at the late election.

Charged With Rebating.

New York, Nov. 8.—The American Sugar Refining company and the New York Central Railroad company were placed on trial Wednesday in the federal court on charges of alleged rebating. The railroad company is charged with giving rebates on sugar shipped to Cleveland, and the American Sugar Refining company is charged with accepting the same. As the cases are not identical the two companies will not stand trial together and it is probable the New York Central will be tried first. The maximum penalty is $20,000, on each count.

Frightened Negro Shoots.

Mobile, Ala., Nov. 8.—L. Griffin, aged 25, a planter of Clarke county, died here as a result of a wound inflicted by his man servant Friday morning. He sent the negro to a spring house some distance away and as the negro said he was scared, gave him a pistol, telling him to shoot if anything bothered him and that he would come to his aid. Young Griffin then slipped out, following the negro, and from a dense thicket rattled a white paper. The negro fired, inflicting mortal wounds.

Judge Welsh Murdered.

Houston, Tex., Nov. 8.—District Judge Stanley Welsh was assassinated in his bed at Rio Grande city, where he was holding court. There is now clew to the assassin. There has been great excitement recently over the election and it is presumed the assassination grew out of this in some way. Rangers have been rushed to the scene.

HANDS RAW WITH TERRIBLE ECZEMA

Suffered for Ten Years—Spreading to Body and Limbs Despite Efforts of Three Doctors—Another Remarkable and Speedy

CURE BY THE CUTICURA REMEDIES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could, but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was fleshier than I ever was. To any one who has any skin or blood disease I would honestly advise them to get the Cuticura Remedies and get well quicker than all the doctors in the State can cure you." Mrs. M. E. Falin, May 19, 1905. Speers Ferry, Va.

CURED OF ITCHING HUMOR

"I have been troubled with a humor on the back of my neck and head for four or five years. It had an itching and burning sensation, and was a very uncomfortable feeling. I have used the Cuticura Soap, Ointment, and Resolvent Pills three months, and can say I am completely cured." Respectfully, Mrs. H. D. Ludlam, July 28, 1905. Ocean City, Md.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed Free, "How to Cure for the Skin and Scalp."

Henry Seiz's Death.

St. Mary's, O., Nov. 8.—After a protracted spree, which landed Henry Seitz, aged 50, in the city prison, he was found dead in his cell by the jailer. Heart failure is given as the cause of his death. He leaves a daughter in Newport, Ky., one in Albany, Ind., and a son in Toledo, O. He was a familiar character about the city.

Telling Time by Flowers.

"With a little time and labor it would be possible to construct a garden whose flowers would combine to make a first rate clock," said the botanist. "It is 5 a. m. when the sow thistle opens," he continued. "It is 5:30 when the dandelion opens. It is 7 when the white lily opens. It is 8 when the hawkweed opens. At 11:12 a. m. the sow thistle closes. At noon precisely the yellow goat's beard closes. At 2 p. m. the hawkweed closes. At 5 the white lily closes. The dandelion closes at 8 sharp. Since Pliny's time forty-six flowers have been known to open and shut with great punctuality at certain hours of the day and night."

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

SIX YEARS FOR ALEXANDER

Augusta Embezzler Pleads Guilty and Is Sentenced by Judge.

Augusta, Ga., Nov. 8.—At 1 o'clock Tuesday during an intermission in the trial of another case, Solicitor Reynolds read out the name of Thomas W. Alexander. The defendant, who has been out on bond, entered the court room with his attorneys and his brother, Bishop Alexander.

Judge Joseph R. Lamar, of the city, announced that Alexander would plead guilty and Judge Hammond sentenced him to serve six years in the penitentiary. The judge signed the sentence, which was based on the indictment, and within a few minutes the prisoner with his attorneys and brother went into an adjoining room for consultation. In a few minutes Officer Stringer took Alexander in charge and took him upstairs in the court house, where he will remain until his train is ready to leave for the prison.

County Policeman Stringer will leave here today for Milltown, Berrien county where Alexander will serve his sentence.

Mr. Alexander seemed to be in the best of health, and in his manner did not appear disturbed, although Bishop Alexander, his brother, was visibly affected. It is believed that the indictment in the city court against Alexander will be nol prossed.

Three Killed in Augusta.

Augusta, Ga., Nov. 8.—Three homicides occurred here within a few hours. In each case the victim is a negro, and in none is the perpetrator known, though several negroes are under arrest on suspicion. Will Gerraty, aged about 20, was shot in the back while talking with several other negroes. About 20 minutes later, and four blocks away, James H. Greene was shot four times in a negro restaurant on the edge of the city. Between 10 and 11 o'clock Nancy Cobb, a negro girl in her teens, was killed by a bullet in the village of Summerville.

S.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." THIS SUICIDE GREAT MYSTERY

Money Was Found in Every Seam of Man's Clothing.

Pensacola, Fla., Nov. 8.—A great mystery surrounds the death from asphyxiation of W. E. Rogers, aged 32, and his wife, aged about 25, in a room in the boarding house of Mrs. Wilkinson, on the corner of Wright and Hayne streets. When Mrs. Wilkinson started to arouse them escaping gas was detected, and when the room was broken into the man lay dead with his wife wheezing her life away from the effects of the gas.

No light had burned in the room, according to the hostess, and everything justified the coroner's finding that the case was one of deliberate double suicide.

Rogers, for that is the only name that could be found in his effects, came in last night and engaged a room. While the room was being prepared and in the presence of a room filled with people, the husband stooped and kissed his wife, and acted as if the wedding compact had been lately signed.

The couple was newly married, according to those at the boarding house, and came here last night, engaging a room at the place named. In every seam of the man's clothing was found money in abundance, and as if to act as its protector, he carried two fine revolvers.

They were in good circumstances, and the case is one of mystery.

People who know them say that they stand prominent in the community whence they hail from. This was at Lusedale, Miss.

WHAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler that comes with every outfit, reaches the tiniest cell in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have any ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but $1, extra bottles, if needed, 50 cents, and is sold by J. W. McCollum & Co. under an absolute guarantee that it will cure catarrh or money will be refunded.

State Fair at Tampa.

On account of the Florida State Mid-Winter Fair at Tampa, Nov. 14th to 29th, the Atlantic Coast Line Railway will sell tickets for one fare plus 75 cents (including admission coupon) for the round trip. These tickets will be on sale from points north and west of Archer, Gainesville, Rochelle, Hawthorn and Palatka, including these points, Nov. 13, 15, 17, 20, 22, 24, 27 and 29th. From points south of the above points and not including them Nov. 14th and daily thereafter except Saturday and Sunday up to and including all trains scheduled to arrive in Tampa before noon of Nov. 29th. Final limit leaving Tampa Nov. 30th.

The Tampa Fair this year will be on a much larger scale than heretofore and large crowds will go from all points in this and other States. It will be an excellent opportunity to meet old friends and renew pleasant acquaintances.

Full information can be had from all Atlantic Coast Line agents or from Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

Heat on Tobacco Improves it Like Roasting Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste found in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and racked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove, that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

An Elastic Statement.

The new reporter in his story of the wedding, says the Baltimore American, wrote, "The floral display stretched from the chancel rail to the doors of the church."

The city editor in a mild manner, as is the custom of city editors with new reporters, said:

"Couldn't you have used a better word than 'stretched?' Say the floral display 'nodded' or 'twined' or something like that—some word more suggestive of flowers."

"'Stretched' is all right in this case," replied the new reporter, with the stubborn courage of a realist. "The decorations consisted of six rubber plants, and they had to stretch to cover the distance."

"I WAS A VICTIM OF STOMACH TROUBLE"

Mrs. WHALEY.

"Two Bottles of Cooper's New Discovery Cured Me" Writes Mrs. Frank Whaley of 1021 Capitol Ave., Indianapolis, Ind.

THE COOPER MEDICINE CO.,

GENTLEMEN:—For years I have been a victim of stomach trouble. Everything I ate disagreed with me and I did not seem to derive any nourishment or strength from my food.

When I began taking Cooper's New Discovery, I did not expect the results would be different from all the other medicines I had used, but before the second bottle was gone, every trace of my ailment had disappeared and I could eat and enjoy a hearty meal, and am gaining in strength and flesh. Cooper's New Discovery is a splendid remedy. I know that it cures stomach trouble. Signed: MRS. FRANK WHALEY, 1021 Capitol Ave., Indianapolis, Ind.

Can You Eat and Enjoy a Hearty Meal?

If not, then you need Cooper's New Discovery. It builds up the gastric juices of the stomach, so that food digests instead of fermenting, and the blood receiving pure nourishment from the digested food, instead of the poisonous acid from food which has fermented, strengthens every organ of the body through which it flows.

PURE BLOOD IS THE LIFE. COOPER'S NEW DISCOVERY MAKES PURE BLOOD.

Cooper's New Discovery Costs $1.00 per bottle; six for $5.00. Cooper's Quick Relief, the assistant remedy, costs 50c. per bottle. Buy from the dealer whose name appears below, or where we have no dealer send the price direct to the Cooper medicine Co., Dayton, Ohio, and the medicines will be forwarded to you charges prepaid.

If you come in here and buy a Hart Schaffner & Marx suit, consider all the results of the transaction to you. Leave us out of it; assume that we make a fair profit; we do.

But you make a better profit than we do; you get the clothes. You get absolutely honest, all-wool fabrics; clothes you can respect; that you don't have to apologize for or be ashamed of because they're not what they seem.

You get what no "mercerized cotton" clothes could ever give you---long, satisfying service; shape-keeping service; tailoring that fits your ideas and shape; style that's distinctive.

Such clothes preserve and strengthen a man's self-respect; "mercerized cotton" makes a man ashamed to look his clothes in the face; or ought to.

AN OPEN LETTER

To the People of Gainesville.

To Whom It May Concern:

Of late there has been a good deal of discussion in Gainesville in regard to advertised medicines and their value—the papers are full of them.

We want to say to every man, woman and child in Gainesville that we believe the most valuable preparation of cod liver oil—the best tonic reconstructor, health restorer and strength-creator—we have ever sold in our store is Vinol.

Vinol is not a patent medicine, it contains no injurious drugs, but it actually does contain all of the medicinal, curative elements taken from fresh cods' livers, without a drop of the useless oil to upset the stomach and retard its work, and tonic iron added.

Vinol is recognized throughout the world as the greatest strength creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles. We ask the people of Gainesville to try Vinol on our offer to return money if it fails.—W. M. Johnson, Druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

HELPING HANDS.

Interesting Meeting at Which Officers Were Elected

The Pastor's Helping Hands Society of the First Presbyterian Church held an interesting and largely attended meeting at the home of Mrs. M. B. Saunders, North Arredondo street, Wednesday afternoon.

There was more than usual interest attached to this meeting, in view of the fact that this was the occasion for the election of officers for the ensuing year.

Officers elected were as follows: Mrs. G. W. Brumley president; Mrs. J. D. Stringfellow, vice-president; Mrs. E. P. Cater, secretary and treasurer.

The afternoon was spent in a most enjoyable manner, and just before the hour arrived for departure Mrs. Saunders served tea and wafers.
